## Objective

---

- To acquire a challenging position in an esteemed organization, where I can utilize my skill sets and knowledge and thereby contribute to the growth of the Organization.

## Technical Skills

---

**Languages:** Java, HTML5, CSS3, JavaScript, SQL.  
**Developer Tools:** VS Code, Google Cloud Platform, Github.  
**CourseWork:** DBMS, OS.  
**Framework:** ASP.NET Core 6.0.

## Projects

---

### National-International Scholarship Portal | *HTML5, CSS3, JavaScript, Node.js, Python* **December 2023**

- Developed interactive scholarship application forms using HTML5 form elements and JavaScript for validation and real-time feedback.
- Integrated advanced search and filter functionality using JavaScript to allow users to easily browse and find relevant scholarship opportunities based on various criteria.
- Utilized Python for data analytics and reporting functionalities to generate insights into scholarship application trends, demographics, and success rates.

### School Website | *HTML5, CSS3, JavaScript* **January 2024**

- Implemented responsive design techniques using HTML5 and CSS3 to ensure the website adapts seamlessly to various screen sizes and devices.
- Created an engaging homepage with dynamic content using JavaScript to showcase school events, news, and announcements.
- Created interactive dashboards for teachers and administrators to manage courses, assignments, and student records efficiently using JavaScript frameworks or libraries.

### Job Application Form Website | *HTML5, CSS3, JavaScript, Bootstrap* **february 2024**

- The website features a sleek and user-friendly interface, guaranteeing an effortless and streamlined application experience.
- The website's responsive design maximizes the application experience across diverse devices, ensuring seamless accessibility and engagement.

## Research

---

- Portal For Various National-International Scholarships.

## Training - Internships

---

### TCS

- Mastered the art of impactful email composition and dynamic presentation delivery.
- Harnessing the power of effective communication.

### CodeClause (AICTE Approved)

- Developed a powerful URL Shortener utilizing Python, providing efficient link management capabilities.
- Crafted an advanced Music Player leveraging Python's capabilities.

### Besant Technology PVT.LTD , Hyderabad

- Setting forth on a voyage towards Java mastery, arming myself with essential skills to pioneer innovation.
- Mastering the art of crafting elegant and efficient Java code, seamlessly transforming complex algorithms into powerful, high-performing solutions.

## Education

---

### Sipna College Of Engineering And Technology

*B.E (Computer Science And Engineering) | Grade :8.6 CGPA*

**Aug 2020 – May 2024**
